

Objective

Detail-oriented **Full Stack Developer** with a **Master's degree in Computer Applications** having a sound base of **Python, SQL, HTML, CSS, and JavaScript**. Excellent expertise in developing responsive web applications and solving critical problems with new innovative solutions. Interested in implementing technical skills into collaborative environments to allow the delivery of scalable. Continuously engaged in self-learning and updating knowledge pertaining to new technologies related to the field of **full stack development**.

Technical Skills

- Languages: Python, SQL, HTML, CSS, Java script
 - Python programming for software development.
 - Strong knowledge of Data Structures, Algorithms, and Object-Oriented Programming (OOP).
- Web Development:
 - Frontend technologies: HTML, CSS, JavaScript.
 - Backend integration with server-side logic.
- Database Management:
 - Comprehensive experience in SQL, including CRUD operations, Joins, Sub-queries, and Functions.
- Frameworks And Libraries:
 - Bootstrap ,Pandas.
- Developer Tools: Visual Studio, Git Hub | [Link](#) , Git, Microsoft Excel.
- Other Skills: Projects Management , Agile Methodologies.

Projects

- Netflix Data Analysis:
 - **Conducted** in-depth analysis of the Netflix Kaggle dataset using SQL, extracting key business insights and solving complex business challenges through optimized queries, improving data accuracy and clarity.
 - **Implemented** efficient data management strategies for large datasets, generating detailed reports and actionable insights to support data-driven decision-making and strategic business initiatives.
- E-Commerce Website
 - **Designed** and developed a responsive e-commerce website using HTML, CSS, and JavaScript, featuring dynamic product listings, shopping cart, checkout flow, and secure user login for seamless and secure user experiences.
 - **Organized** the layout and content of the portfolio to highlight key achievements and technical abilities, enhancing overall user experience and accessibility
- Intra College Communication
 - **Developed** a fully responsive intra-college communication platform using HTML, CSS, and JavaScript, featuring secure user authentication for login and registration, and accommodating over 200 active sessions during testing.
 - **Implemented** real-time messaging, dynamic notifications, image posting, commenting, and live feed updates with an intuitive interface, ensuring seamless interaction among students and faculty across devices and browsers.

Education

Master Of Computer Application	2022-2024
SOA University , Bhubaneswar, Odisha	8.0 CGPA
Institute of Technical Education and Research, Bhubaneswar	
BSc In Computer Science	2019-2022
Utkal University , Bhubaneswar, Odisha	7.9 CGPA
Government Autonomous College Angul, Angul	

Certificate's

- Data Analytics Essential (Coursera)
- Python Programming (Great Learning Academy)
